PROJECT SPECIFIC PRICING INSTRUCTIONS:

NOTE: Failure to adhere to the pricing instructions may lead to your tender being disqualified.

NB: The quantities provided in the tender are only estimates and do not constitute a guaranteed commitment to the Tenderer. The contract awarded to the successful service provider will be structured as a rates-based agreement, where payments will be made on a per-unit basis rather than a fixed total quantity. The contracted rates will be all-inclusive, covering all associated costs. The inclusion of estimated quantities in the tender document serves solely for evaluation and comparative analysis purposes and does not represent a commitment to procure those exact quantities. This approach allows the evaluation committee to fairly assess and compare the pricing structures of different bidders under a uniform baseline, ensuring that all proposals are evaluated on an equal footing. Since the contract is rates-based, the actual quantities procured will depend on operational needs, budget availability, and demand fluctuations over the contract period.
