	Scope of work: The supplier is requested to supply and deliver heavy-duty industrial-grade floor tiles designed to withstand high foot traffic and load-bearing conditions. The tiles must be vitrified or porcelain, with a minimum thickness of 10mm and a size of 600mm x 600mm. They must have a high breaking strength and be suitable for use in municipal buildings. The finish must be anti-slip (R10 or higher slip resistance rating) and should be in a neutral color such as grey or beige to ensure ease of maintenance. The tiles must comply with SABS or ISO standards for durability, water absorption (<0.5%), and resistance to abrasion, chemicals, and stains. The supplier must also include compatible heavy-duty tile adhesive, grout (preferably epoxy-based for high durability), and aluminium edge trims. All materials should be accompanied by technical datasheets and warranties, and delivered to Langlaagte Depot.			50m2					
	For Clarity Contact: Tshepiso Twala 011 681 7816
