Part	C1	C2	C3	Α

# C1 SCOPE OF WORK

# C3.1 Employer's Objectives

The objective of the Employer is to appoint an experienced Service Provider to provide topographic surveys for the sewer, water pipelines, reservoirs, pump stations and other services to enable the proper design of projects and for preparation of as-built drawings after construction. The project shall cover the following suburb.

PROJECT SURBUB	REGION	LENGTH (M)
DE VILLERS	CoJ Region F	1000
GRAND TOTAL		1000

The project is located on the following approximate coordinate 26°199'38.8"S 28°03'99.7"E, see attached KMZ file for the details.

# C3.2 Description of the Services

The Service Provider shall be required to carry out the services as governed by the South African Geomatics Council (SAGC) code of conduct and SAGC Act 10 of 2013 and thus ensure that all design and construction projects the Employer executes during Contract Period of Performance are properly designed and the as-built drawings are updated accurately.

### C3.4 Extent of the Services

The Service Provider's shall be required to provide the summarised services, among others:

- a) Collection and Collation of cadastral information for each project area.
- b) Identification of survey beacons
- c) Establishment of Survey Benchmarks
- d) Field work surveying
- e) Production of digital terrain models (DTMs)
- f) Mapping and Production of detailed survey drawings

Professional Topographic Survey Services

# C3.5 Brief

### **C3.5.1 Scope**

This Specification describes in general terms the requirements for the cadastral work, basic survey, ground control and drafting of contour plans, and for the preparation of a digital terrain model in ASCII format

Generally the scope of the Works is as follows.

- a) The obtaining of all relevant cadastral information for the site, the drafting of the cadastral information on the survey key plan, any field survey that may be required in this regard, and supplying copies of all relevant Surveyor General diagrams and compilation of plans upon completion.
- b) The drafting of topographical and other detail covering the site as specified hereinafter and of contours and the storage thereof in drawing files at the mapping scale and with the contour interval specified.
- c) The preparation of a digital terrain model for the site, or for portions thereof, at the point spacing and to the accuracy specified hereinafter.

# C3.5.2 Collation of cadastral data

- a) The Surveyor is required to collect all data describing the cadastral boundaries and servitudes registered over all properties covering the site and in respect of which deeds of tenure have been registered in the Deeds Registry for the Province/Region in question.
- b) The cadastral information supplied by the GIS department of local authority shall be taken as a guide, but the primary source of cadastral information shall be the offices of the Surveyor-General for the Region/Province in question. The Surveyor shall obtain photostatic or similar copies of these diagrams, as well as copies of all existing cadastral compilation sheets.
- c) Cadastral boundaries shall be plotted by means of co-ordinates and not by means of angles and distances.

# C3.5.3 Field work

- a) The survey shall be based on the Lo-system WGS84 of the national triangulation.
- b) All points shall be located in the X, Y and Z directions according to land-survey methods generally accepted in the Republic of South Africa so as to ensure that the required degree of accuracy is achieved. All points that are fixed shall be checked and confirmed in the field.
- c) The elevations of the permanent survey stations shall be determined by a total station (or any other approved survey equipment) from the appropriate national geodetic benchmark.
- d) The Surveyor shall identify and list the trig beacons that he used as traverse terminals, or for the fixing of survey stations by trigonometrical survey methods.

# C3.5.4 Survey Beacons and benchmarks

- a) The Surveyor shall note that the value of the basic survey depends largely on the permanence of its reference points.
- b) Permanent survey benchmarks shall be set in concrete and clearly marked. Alternatively, existing permanent structures can be used as permanent survey benchmarks
- c) The survey benchmarks shall be numbered sequentially starting at BM01, and continuing BM02, BM03 etc. by means of a punched strip of aluminium at least 1,3mm thick firmly set into the concrete.
- d) The Survey stations shall be established on the site at a spacing not exceeding 300m (horizontal).

Volume	1	2		
Part	art C1		C3	Α

**Professional Topographic Survey Services** 

- e) Permanent survey station beacons must be placed such that potential influence from unstable surrounding material is avoided.
- f) Identified survey beacons must be labelled and shown on the survey diagram

# C3.5.5 Digital Terrain Model

- a) The digital terrain model shall consist of ASCII files stored on disc and supplied to the Engineer.
- b) The design files of the package used when the DTM was generated shall also be provided. (E.g. Model Maker .tot files, Civil Designer .blk files etc).
- c) Separate files shall be provided for spot heights and for detail points or it must be clearly separated when contained in one file.
- d) Each point shall be recorded on disc in the following order:
- Point description (code or short name)
- Y co-ordinate
- X co-ordinate
- ♦ Z co-ordinate
- ◆ Connecting line reference (where applicable)
  - e) The Surveyor shall supply a list explaining the point description codes to the Engineer together with the DTM.
  - f) The accuracy of any point in the digital terrain model, whether a spot height or a detail point height, shall be such that the mean square error of the elevation of such points as determined from the digital terrain model when compared with the elevations as determined in the field, shall not exceed 100mm, unless otherwise agreed.
  - g) The general point spacing shall be 5m. This average grid shall be supplemented in areas of sharply varying topography with detail terrain points (that is along break lines).

# C3.5.6 Mapping

- a) One master drawing (incorporating all survey layout plans) shall be supplied to the Engineer on disc in DWG and DXF formats.
- b) The contour interval shall be:
- ◆ 0,5m for ground slopes less than 10 percent; and
- 1,0m for ground slopes in excess of 10 per cent.
- c) The accuracy of the contours shall be such that the mean square error of the elevations of the checkpoints as determined by interpolation between contours when compared with the elevations as determined in the field shall not exceed half the contour interval unless otherwise specified. The mean square error shall be computed from the formula:

 $MSA = (Sum (dh^2)/n)^{0.5}$ 

Where "dh" is the vertical error of each checkpoint and "n" is the total number of checkpoints.

d) The grid spacing shall be 100m.

# C3.5.7 Details on drawings

This (drawing) plan shall show the following detail:

- a) All farm, district, and regional boundaries and all portions and subdivisions thereof. In urban areas individual ervens and stand numbers should be shown.
- b) All original farm names and farm portions/subdivision numbers, including the full description of each portion of subdivision. In urban areas the appropriate township description shall be indicated.
- c) All property owners including their registered addresses and contact numbers. This requirement shall not apply for erven in proclaimed townships.
- d) The centreline of any major roads, railway lines or other prominent features.
- e) Contours at the interval and to the accuracy specified.
- f) Contour values at frequent intervals.

Volume	1	2		
Part	C1	C2	C3	Α

- **Professional Topographic Survey Services**
- g) All permanent survey stations at the spacing specified, including a co-ordinate list for all such survey stations. The co-ordinate list shall indicate the Lo-system and survey datum used.
- h) All natural topographical features, such as rivers, streams, eroded areas, gullies, etc. The names (if any) of such features and the directions of flow where applicable, should be indicated on the layout plans.
- i) All man-made topographical features, such as excavations, quarries, cuts, embankments and fills, including all break point, toe- and pick-point lines.
- j) Bush, scrub and plantations, cultivated and wooded lands, rock outcrops, individual trees which are landmarks and so forth; the outline of such areas should be properly shown wherever it is clear cut.
- k) Roadways (showing tarred width), road shoulders, footpaths and associated structures (bridges, culverts, etc) with the destination of all main roads leaving the sheet being shown. Bridge openings and culvert sizes, road numbers or street names and kilometre boards should also be shown.
- Power and telephone lines (showing individual poles/pylons of power lines and telephone carrier routes).
- m) All underground pipelines, or cables and associated structures (manholes, valve chambers, reservoirs etc), the position of which can be ascertained from surface indications. Detail regarding the diameter and purpose of such pipelines should be added where such detail is readily available.
- n) Gates and fences (differentiating between ordinary, stock-proof, jackal-proof and security fences) etc. All access points to main roads should also be indicated.
- o) Wells, boreholes and windmills.
- p) All existing buildings, ruins, existing servitude and such like.
- q) Existing survey and trig beacons that can be identified with the mapping area (for example those alongside provincial and/or national roads), with directions to all adjoining beacons, the stations number and the reduced level. In additional a coordinate list indicating the Lo-system, the co-ordinates of the individual points and/or beacons the survey date should be included.
- r) 1: 50 000 topographic maps showing the trig beacons used must be supplied as well.
- s) All place names, where these have been officially assigned.

# **C4 Service Detection**

The Scope of Work comprises the Detection, Survey & Mapping of Main Underground Services Route (Property boundary to Property boundary):

- Subsurface Utility Detection with Ground Penetrating Radar (GPR)
- Tracing Underground Pipelines with Electromagnetic Induction (EMI)
- Locating Live Cables with Passive Magnetic Fields Technology (PMF)
- On-site Demarcation with Spray Paint or Markers
- Opening Manholes & Taking Measurements
- Hand Excavation to Expose Detected Services (if / where considered necessary)
- Utility Survey on WGS84 Lo29 Coordinate System (Tied to Existing Benchmarks)
- Existing Services Drawing (Overlaid on Topographic Survey provided by the Client)

Volume	1	2		
Part	C1	C2	C3	Α

**Professional Topographic Survey Services** 

- a) Water Pipes: Fire & Domestic Water Mains with Diameters ≥ 90mm
- b) Sewer Pipes with Internal Diameters ≥ 100mm
- c) Stormwater Pipes with Nominal Diameters ≥ 375mm
- d) Electricity: Primary MV Cables with Outside Diameters ≥ 35mm

# C5 Use of Reasonable Skill and Care

The Service Provider shall exercise reasonable skill and care in respect of the services required as per the C3.4 Extent of **the Services** section.

# **C6 Co-operation with other Service Providers and Contractors**

The Service Provider shall be required, for the successful execution of his service provision, to interact with other service providers and principal contractors appointed by the Employer.

### C7 Reference Data

The Employer shall provider the Service Provider will all reference data and locality maps of the areas to be surveyed at the issue of each Work order.

# **C8 Particular Specifications**

For the purpose of this Contract:

a) Where gender terms are used, it shall be applicable to both male and female.

# C9 Applicable National and International Standards

The following National and International standards shall be applicable to the service provision under this Contract:

- a) SAGC Act 19 of 2013
- b) Any other standards as may be deemed necessary depending on the type of activity.

# C10 Approvals

The Service Provider shall obtain approval from the Employer's representative with regard to the:

- a) authorisation;
- stopping sections of the works or complete works, unless the reason for stopping section of the works or the complete works is required to ensure the safety of the public, employees or subcontractors of the principle contractor.

# **C11 Procurement**

The Service Provider will take account of the Employer's Preferential Procurement Policy and broad-based black economic empowerment ownership participation requirements for this Contract and note that:

a) The Employer reserves the right to conduct broad-based black economic empowerment ownership participation audits during the Contract Period of Performance to ensure that the appointed broadbased black economic empowerment ownership is either maintained or improved during such period. Thus the Employer reserves the right to verify or re-verify the Service Provider's or any subcontractor appointed by the Service Provider's Broad-based black economic empowerment status should he deem it necessary, without having to specify any reason. Such verification may be extended to include other preferential procurement criteria, should the Employer deem it necessary.

volume	1	2		
Part	C1	C2	C3	Α

**Professional Topographic Survey Services** 

b) where broad-based black economic empowerment ownership participation is altered during the Contract Period of Performance, the Service Provide shall formally notify the Employer and indicate how and when such 'lost' broad-based black economic empowerment ownership participation shall be re-established.

# C12 Access to land / buildings / sites

The Service Provider shall report to the principal contractor before entering the construction works site.

# C13 Planning and Programming

# C13.1 Planning

The Service Provider shall ensure that he:

 a) is well informed with regard to the Employer's overall implementation programme for projects and make available resources as required to efficiently complete required services on time to avoid delays to the implementation plan.

# C13.2 Programming

The Service Provider shall, prior to commencement of any work, provide an activity schedule showing the total duration required to complete the survey required on each project.

The programme shall at minimum contain:

a) Time Scale (minimum):

Days: Where the project period does not exceed three months.

Weeks: Where the project period exceeds three months.

- b) Tasks: Tasks shall be allocated timeframes. Where phases or stages are anticipated, all tasks related to the successful accomplishment of that phase of the project shall be grouped. Resources allocation and task dependency shall be indicated.
- c) Multiple Project Programming: Where multiple projects are part of the same Contract, the Service Provider shall provide a programme per project. However, where interdependency exists the programmes shall be integrated, but divided on the highest level per project followed subsequently by further divisions per phase or stage.
- d) Start and Finish Dates: All tasks shall have specific start and finish dates.
- e) Critical Path: All tasks forming the programme line that will establish any delays in the overall project period shall be clearly indicated and an indication of their sensitivity characteristics shall be provided.
- f) Progress Tracking: The Service Provider shall be required to periodically indicate the project progress per task graphically and on a percentage basis.
- g) Non-working Time: All South African public holidays, weekends and the local traditional annual builder's break shall be incorporated in the programme.

# C13.3 Software Application for Programming

Only Windows Microsoft Project programming software package will be accepted.

# **C14 Format of Communications**

All Contract communication shall be in English and in writing (letters, faxes and electronic mail).

# C15 Key Personnel

Topographical	Survey Page (11)
---------------	------------------

Volume	1	2		
Part	C1	C2	C3	Α

Professional Topographic Survey Services

The Service Provider shall be required to allocate sufficiently experienced personnel, with regard to SAGC Act 19 of 2013 as amended) requirements and the actual implementation thereof, to execute the Contract successfully. The following shall be the minimum key personnel required for each project executed:

- a) 1 x Professional Land Surveyor Bachelors' Degree or Bachelor of Technology (Land Surveying)
   or higher, 6 Years experience as a Professional Land Surveyor
- b) 1 x Surveyor National Diploma in Engineering Survey, 3 years experience as a Land Surveyor

# **C16 Management Meetings**

The Service Provider:

a) shall be required to attend monthly progress meetings with the Employer, at dates and venues to be agreed where technical and performance issues shall be discussed.

# **C17 Electronic Payments**

The Service Provider shall provide all necessary information to facilitate effective electronic payment, as require by the Financial Department of the Employer.

# C18 Professional Indemnity Insurances

The Service Provider shall provide two hard copies of the details of existing insurances with the returnable documents that form part of the Tender data. In the event of a Joint Venture or Consortium, the Lead Consultant shall be responsible to provide the Professional Indemnity Insurance for the entire Contract or Contracts tendered on.

# C19 Daily Records

Where the Employer requires the Service Provider's to perform work on a time-and-cost basis, such work shall be remunerated on actual time and cost incurred by the Service Provider, who will be required to submit proof.

# **C20 Payment Certificates**

The Service Provider shall be required to complete progress report before he will be allowed to complete the standard payment certificate required to be submitted with his tax invoice. If required by the Employer, the Service Provider shall make himself available for a progress reporting training session to be facilitated by the Employer.

# C21 Use of Documents by the Employer

All information (communications, documents or reports, including specialists reports) compiled by the Service Provider in the course of performing the service required for this Contract are the property of the Employer and may not be used by the Service Provider for any other duties other than those relating to this Contract without prior approval by the Employer.

# C22 Property provided for the Service Provider's use

The Service Provider shall provide all physical resources, including properties, for the successful execution of the Contract.

# C2.1.4 Establishment Costs (P&Gs)

**Professional Topographic Survey Services** 

Volume	1	2		
Part	C1	C2	C3	Α

Scope of Work

All establishment costs and overheads are deemed to have been included in the quotation amounts. There are no separate costs for Establishment. The above costs must include the Preliminary and General Costs for mobilisation of resources; opening and closing of existing manholes, scope verification, gathering of desktop information, documents and maps each time survey is required. The

costs for disbursements shall be covered under this item.

# POPIA PRIVACY STATEMENT

Johannesburg Water SOC Limited

In terms of the Protection of Personal Information Act, 213 (Act 4 of 2013), also called the POPI Act or POPIA, Johannesburg Water SOC Limited, undertakes all reasonable measures to protect personal information and to keep it private and confidential.

# 1. Privacy Notice applies to:

Suppliers, vendors, contractors, service providers, etc whether appointed or prospective.

# 2. Definitions of personal information

According to the Act "personal information" means information relating to an identifiable living, natural person, and where it is applicable, an identifiable, existing juristic person. All addresses including residential, postal and email addresses.

# 3. About the Public Entity

Johannesburg Water (SOC) Limited, registration number 2000/029271/30

# 3.1 The information we collect

We collect information directly from you where you provide us with your personal details. Where possible, we will inform you what information you are required to provide to us and what information is optional.

# 3.2 How Johannesburg Water use your information

We will use your personal information only for the purposes for which it was collected and agreed with you. For example: to gather contact information, to confirm and verify your identity, for the evaluation and adjudication of bids and quotations for tenders, request for quotations, and other personal information for the procurement of goods and services by the Entity.

# 3.3 Disclosure of information

We may disclose your personal information to our Shareholder, the City of Johannesburg, and other Government agencies such as National Treasury, and the Auditor-General of South Africa. We have agreements in place to ensure that they comply with the privacy requirements as required by the Protection of Personal Information Act.

We may also disclose your information:

- Where we have a duty or a right to disclose in terms of law;
- Where we believe it is necessary to protect our rights.

# 3.4 Information Security

We are legally obliged to provide adequate protection for the personal information we hold and to stop unauthorised access and use of personal information. We will, on an ongoing basis, continue to review our security

# POPIA PRIVACY STATEMENT

Johannesburg Water SOC Limited

controls and related processes to ensure that your personal information remains secure.

When we contract with third parties, we impose appropriate security, privacy and confidentiality obligations on them to ensure that personal information that we remain responsible for, is kept secure. We will ensure that anyone whom we pass your personal information agrees to treat your information with the same level of protection as we are obliged to.

# 3.5 Your rights: Access to Information

You have the right to request a copy of the personal information we hold about you. To do this, simply contact us at informationofficer@jwater.co.za, and specify what information you require.

# 3.6 Correction of your personal information

You have the right to ask us to update, correct or delete your personal information. We will require a copy of your identification document to confirm your identity before making changes to personal information we may hold about you. We would appreciate it if you would keep your personal information accurate and up to date.

# 3.7 How to contact us

If you have any queries about this document; you need further information about our privacy practices; wish to withdraw consent; exercise preferences or access or correct your personal information, please contact us at the numbers listed on our website or send an email to informationofficer@jwater.co.za.

# PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

### 1. GENERAL CONDITIONS

- 1.1 The following preference point systems are applicable to invitations to tender:
  - the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and

# 1.2 To be completed by the organ of state

- a) The applicable preference point system for this tender is the 80/20 preference point system.
- 1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:
  - (a) Price; and
  - (b) Specific Goals.

# 1.4 To be completed by the organ of state:

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS	20
Total points for Price and SPECIFIC GOALS	100

- 1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.
- 1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

# 2. **DEFINITIONS**

(a) "tender" means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;

- (b) "price" means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) "rand value" means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) "tender for income-generating contracts" means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) "the Act" means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

# 3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

# 3.1. POINTS AWARDED FOR PRICE

# 3.1.1 THE 80/20 PREFERENCE POINT SYSTEMS

A maximum of 80 points is allocated for price on the following basis:

80/20

$$Ps = 80 (1 - \frac{Pt - P \min}{P \min})$$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration
Pmin = Price of lowest acceptable tender

# 3.1.1. POINTS AWARDED FOR PRICE

A maximum of 80 points is allocated for price on the following basis:

$$Ps = 80 \left(1 + \frac{Pt - P max}{P max}\right) \text{ O}$$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmax = Price of highest acceptable tender

# 4. POINTS AWARDED FOR SPECIFIC GOALS

4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

The specific goals allocated points in terms of this tender	Number of points allocated (80/20 system)	Number of points claimed (80/20 system)	Proof of documents per specific goals
SMME (An EME or QSE) 51% or more black owned by Black People	20		Valid BBBEE Certificate issued by SANAS accredited verification agency or DTI /CIPC BBBEE Certificate for Exempted Micro Enterprises or Qualifying Small Enterprise or Affidavit sworn under oath.

# **DECLARATION WITH REGARD TO COMPANY/FIRM**

4.2.	Name of company/firm		
4.3.	Company registration number:		
4.4.	TYPE OF COMPANY/ FIRM		
	Partnership/Joint Venture / Consortium One-person business/sole propriety Close corporation Public Company Personal Liability Company (Pty) Limited Non-Profit Company State Owned Company [TICK APPLICABLE BOX]		

- 4.5. I, the undersigned, who is duly authorised to do so on behalf of the company/firm, certify that the points claimed, based on the specific goals as advised in the tender, qualifies the company/ firm for the preference(s) shown and I acknowledge that:
  - i) The information furnished is true and correct;
  - ii) The preference points claimed are in accordance with the General Conditions as indicated in paragraph 1 of this form;
  - iii) In the event of a contract being awarded as a result of points claimed as shown in paragraphs 1.4 and 4.2, the contractor may be required to furnish documentary proof to the satisfaction of the organ of state that the claims are correct;
  - iv) If the specific goals have been claimed or obtained on a fraudulent basis or any of the conditions of contract have not been fulfilled, the organ of state may, in addition to any other remedy it may have
    - (a) disqualify the person from the tendering process;
    - (b) recover costs, losses or damages it has incurred or suffered as a result of that person's conduct;
    - (c) cancel the contract and claim any damages which it has suffered as a result of having to make less favourable arrangements due to such cancellation;
    - (d) recommend that the tenderer or contractor, its shareholders and directors, or only the shareholders and directors who acted on a fraudulent basis, be restricted from obtaining business from any organ of state for a period not exceeding 10 years, after the audi alteram partem (hear the other side) rule has been applied; and
    - (e) forward the matter for criminal prosecution, if deemed necessary.

# DECLARATION OF BIDDER'S PAST SUPPLY CHAIN MANAGEMENT PRACTICES

- 1 This Municipal Bidding Document must form part of all bids invited.
- It serves as a declaration to be used by municipalities and municipal entities in ensuring that when goods and services are being procured, all reasonable steps are taken to combat the abuse of the supply chain management system.
- The bid of any bidder may be rejected if that bidder, or any of its directors have:
  - a. abused the municipality's / municipal entity's supply chain management system or committed any improper conduct in relation to such system;
  - b. been convicted for fraud or corruption during the past five years;
  - c. willfully neglected, reneged on or failed to comply with any government, municipal or other public sector contract during the past five years; or
  - d. been listed in the Register for Tender Defaulters in terms of section 29 of the Prevention and Combating of Corrupt Activities Act (No 12 of 2004).
- In order to give effect to the above, the following questionnaire must be completed and submitted with the bid.

Item	Question	Yes	No
4.1	Is the bidder or any of its directors listed on the National Treasury's Database of Restricted Suppliers as companies or persons prohibited from doing business with the public sector?	Yes	No
	(Companies or persons who are listed on this Database were informed in writing of this restriction by the Accounting Officer/Authority of the institution that imposed the restriction after the <i>audi alteram partem</i> rule was applied).		
	The Database of Restricted Suppliers now resides on the National Treasury's website( <a href="www.treasury.gov.za">www.treasury.gov.za</a> ) and can be accessed by clicking on its link at the bottom of the home page.		
4.1.1	If so, furnish particulars:		
4.2	Is the bidder or any of its directors listed on the Register for Tender Defaulters in terms of section 29 of the Prevention and Combating of Corrupt Activities Act (No 12 of 2004)?	Yes	No
	The Register for Tender Defaulters can be accessed on the National Treasury's website ( <a href="www.treasury.gov.za">www.treasury.gov.za</a> ) by clicking on its link at the bottom of the home page.		
4.2.1	If so, furnish particulars:		
4.3	Was the bidder or any of its directors convicted by a court of law (including a court of law outside the Republic of South Africa) for fraud or corruption during the past five years?	Yes	No

4.3.1	If so, furnish particulars:						
Item	Question		Yes	No

# CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids<sup>1</sup> invited.
- Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
  - a. take all reasonable steps to prevent such abuse;
  - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
  - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
  - This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
  - In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

<sup>&</sup>lt;sup>1</sup> Includes price quotations, advertised competitive bids, limited bids and proposals.

<sup>&</sup>lt;sup>2</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

# CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:	
(Bid Number and Description)	
in response to the invitation for the bid made by:	
(Name of Municipality / Municipal Entity)	_
do hereby make the following statements that I certify to be true and complete in every respect:	
I certify, on behalf of:that	:
(Name of Bidder)	

- 1. I have read and I understand the contents of this Certificate;
- 2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
- 3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
- 4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
- 5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
  - (a) has been requested to submit a bid in response to this bid invitation;
  - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
  - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder

- 6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium<sup>3</sup> will not be construed as collusive bidding.
- 7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
  - (a) prices;
  - (b) geographical area where product or service will be rendered (market allocation)
  - (c) methods, factors or formulas used to calculate prices;
  - (d) the intention or decision to submit or not to submit, a bid;
  - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
  - (f) bidding with the intention not to win the bid.
- 8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
- 9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

<sup>&</sup>lt;sup>3</sup> Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

# MBD9

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.
